Who we are

Your bridge between Bangalore and the best tech companies in the Netherlands.

Nordavo connects medior and senior developers and data engineers in India with technology companies in the Netherlands and Europe. We are the people in between: we open the door, represent you to the client, run the whole process, and stay in touch with you long after you have started.

WHERE WE SIT

Netherlands company
The team that wants to hire you

▶

NORDAVO
We represent you & run the process

▶

You
Developer or data engineer in India

TWO OFFICES, TWO FOUNDERS

Groningen, the Netherlands
Julius, co-founder. Our contact for the client companies. He has worked as a project manager on data and IT projects.

Bangalore, India
Floris, co-founder. Runs selection, contracts and local follow-up. A data engineer himself, he moved to Bangalore in 2022.

We are not a faceless overseas agency. Come by our Bangalore office, meet the team and talk face to face.

WHO WE WORK WITH

Companies in the Netherlands and Europe that build their own product, SaaS platform or custom software, with an engineering lead and a sprint backlog. You join their team full time, and Nordavo handles your contract, payroll and onboarding. We place data roles (data engineer, analytics engineer, BI developer, ML/AI engineer) and development roles (backend, frontend, full-stack, DevOps and cloud).

NORDAVO IN NUMBERS

STARTED
2025

TEAM
8 employees in India, working for Netherlands companies

WHERE WE ARE HEADING
Growing bigger: a larger team, more Netherlands companies as clients, and more roles for developers and data engineers in India.

WHAT YOU GET WITH US

Work–life balance
A sustainable pace, and real respect for your time outside work.

No weekend work
Your weekends are yours. We do not expect Saturday or Sunday work.

Room to grow
Genuine opportunities to develop your skills and advance your career.

A personal guide
One dedicated contact who knows you and has your back throughout.

Work with Netherlands teams
Exposure to European engineering culture, standards and ways of working.

Honest, every step
Clear, transparent communication. You always know where you stand.

Questions before you apply? Talk to us at **info@nordavo.nl**. Two countries, one team, working for you.
