1. Definitions

The following definitions apply throughout this Policy unless a provision expressly states a narrower scope.

1.1 Accident

"Accident" means a sudden, unforeseen and involuntary event causing bodily injury. The term excludes a deliberately self-inflicted injury.

1.2 Hospital

"Hospital" means a facility registered with the applicable healthcare regulator and providing inpatient medical services under the supervision of qualified physicians.

1.3 Eligible Dependent

"Eligible Dependent" means the Insured Person's spouse or dependent child who meets the eligibility conditions specified in Clause 2.2.

1.4 Waiting Period

"Waiting Period" means the period measured from the Coverage Start Date during which specified benefits are unavailable, subject to the exceptions in Clause 4.3.

1.5 Pre-existing Condition

"Pre-existing Condition" means a condition diagnosed or treated before the Coverage Start Date, for the purposes of Clause 4.2 only.

2. Eligibility and Enrollment

2.1 Insured Person

An applicant is eligible for enrollment if the applicant is at least 18 years old and has submitted a completed application. Eligibility does not by itself establish coverage for an excluded event.

2.2 Eligible Dependents

(a) A spouse is eligible while the marriage remains legally recognized.
(b) A dependent child is eligible up to age 25 while financially dependent.
(c) Proof of relationship must be produced upon reasonable request.

2.3 Enrollment Date

Coverage begins on the effective date stated in the Schedule, subject to payment of the first premium and Clause 6.1.

3. Covered Benefits

3.1 Accident Hospitalization

The Insurer shall reimburse reasonable hospitalization expenses arising directly from an Accident, subject to the benefit limits in Schedule A, the Waiting Period in Clause 4.1, and the exclusions in Section 5.

3.1.1 Emergency Admission

Emergency hospitalization is eligible without prior authorization if the claimant notifies the Insurer within 48 hours, unless notification was impracticable due to the emergency.

3.1.2 Required Documentation

The claimant shall submit the discharge summary, itemized hospital invoice, medical reports, and evidence of payment in accordance with Clause 6.2.

3.2 Illness Hospitalization

Inpatient treatment of an Illness is covered after the applicable Waiting Period, subject to Schedule A and Section 5. For the purposes of this clause, "Illness" means a disease diagnosed by a registered medical practitioner.

3.3 Day Care Treatment

Specified day care procedures are covered when medically necessary, subject to applicable limits in Schedule A.

4. Waiting Periods

4.1 General Waiting Period

A 30-day Waiting Period applies to Illness benefits. The 30-day Waiting Period does not apply to an Accident covered under Clause 3.1.

4.2 Pre-existing Conditions

Benefits for a Pre-existing Condition are not payable during the first 24 months from the Coverage Start Date, except as modified by Endorsement E1 where that endorsement is applicable.

4.3 Emergency Exception

The general Waiting Period in Clause 4.1 does not apply to emergency hospitalization resulting directly from an Accident. This exception does not remove exclusions in Section 5.

5. Exclusions

5.1 Intentional Injury

No benefit shall be payable for losses arising from a deliberately self-inflicted injury, subject to any mandatory requirements of applicable law.

5.2 Intoxication

No benefit shall be payable for hospitalization directly caused by intoxication with alcohol or non-prescribed intoxicating substances, except as provided in Clause 5.2.1.

5.2.1 Medical Administration Exception

Clause 5.2 does not exclude an adverse reaction to an intoxicating substance administered by a registered medical practitioner as part of medically necessary treatment.

5.3 Experimental Treatment

Experimental or investigational procedures are excluded unless specifically included by an applicable endorsement.

6. Claims and Administrative Conditions

6.1 Premium Payment

Coverage under Section 3 is contingent on premiums being paid as stated in the Policy Schedule. A lapsed policy is not reinstated merely by submitting a claim.

6.2 Submission of Claims

(a) Claims should be reported within 30 days of discharge.
(b) Relevant medical records and invoices must accompany the claim.
(c) Late submission may be accepted where delay is reasonably justified, subject to applicable law.

6.3 Dispute Resolution

Disputes concerning the interpretation of this Policy shall be reviewed under the complaint procedure in Schedule B. Nothing in this clause limits rights that cannot lawfully be waived.

7. Policy Interpretation and Precedence

7.1 Defined Terms

Capitalized terms have the meanings provided in Section 1, unless a clause explicitly defines a term with a narrower scope.

7.2 Endorsement Priority

An applicable endorsement amends the clauses it expressly identifies. In case of a conflict limited to the subject of that amendment, the applicable endorsement prevails over the unamended clause. No other terms are altered.

7.3 Policy Versions

The version effective on the insured event date applies, subject to the effective dates and applicability conditions of endorsements.

9. Schedule B - Complaints and Appeals

9.1 Initial Complaint

A claimant may send a complaint with the claim reference and supporting documentation to the designated complaints channel.

9.2 Internal Appeal

An internal appeal must identify the contested determination and relevant Policy provisions; the review team shall examine the applicable version and any endorsements.

10. Endorsement E1 - Pre-existing Condition Adjustment

Endorsement identifier: E1-2026 | Effective date: 01 July 2026 | Applies only to insured persons specifically listed on the amended Policy Schedule.

10.1 Amendment to Clause 4.2

For an insured person to whom this endorsement applies, the 24-month waiting period in Clause 4.2 is reduced to 12 months. All other requirements and exclusions remain unchanged.

10.2 No General Waiver

This endorsement does not modify the Intoxication exclusion in Clause 5.2 or the Medical Administration Exception in Clause 5.2.1.

11. Interpretation Exercises - Test Cases

11.1 Accident During Waiting Period

Question: Is Accident hospitalization covered on day 10? Relevant evidence: Clauses 3.1, 4.1, 4.3, Section 5, and Schedule A.

11.2 Intoxication-related Hospitalization

Question: Is hospitalization directly caused by intoxication covered? Relevant evidence: Clauses 3.1, 5.2 and 5.2.1.

11.3 Pre-existing Condition with Endorsement

Question: What Waiting Period applies to a listed insured person after 01 July 2026? Relevant evidence: Clauses 4.2, 7.2, 7.3 and Endorsement E1.

11.4 Table Continuation

Question: Find the Annual Limit for Oncology inpatient care (B22). Relevant evidence: Table A1 on its third page and the Table A1 footnote.
